## PROJECTS

### **Student Skill Management System (In-Progress):**

Student Skill Management System is a web-based platform utilizing HTML, CSS, Bootstrap, Django, and JavaScript. It empowers colleges to monitor student academic and skill progress, efficiently managing teacher and student data. The system offers a user-friendly interface for tracking and enhancing student development, contributing to improved educational outcomes.

GitHub: <https://github.com/vinn27/SSSMS>

### **Animal Safety:**

Animal Safety is a Website (Prototype Website) designed using HTML, CSS, PHP and Javascript. This is a website which provide Doctor and proper Medication to animals owned by Farmers and other peoples. Basically, it's like an NGO Website.
