## SUMMARY

Full stack **Django** developer with expertise in HTML, CSS, JavaScript, **SQL**, NoSQL, **Django-REST Framework**, and various API services and web tools. Strong understanding of web development concepts and proficient in back-end and front-end technologies. Skilled in building robust and user-friendly web applications.

## EDUCATION

### Graduation

CSMSS Chhatrapati Shahu College of Engineering

Jun 2020 - Jul 2024

- Anticipated graduation with distinction from CSMSS College of Engineering's esteemed Computer Science and Engineering program in [July, 2024].

## SKILLS

- Python(**Django**)
- Frontend**(Bootstrap, React.js)
- Databases**(MySQL, SQLite)
- REST API**(Django-REST Framework)
- Version control (**Git**)
- Data Structure(**Python** & **C++**)

## OTHER SKILLS

Attention to details

Adaptability

Time management

Leadership & Team player

## LANGUAGES

English

Hindi

## PROJECTS

### Student Skill Management System(SSMS)

Backend Developer Sep 2023 - Dec 2023

- Developed the **Student Skill Management System (SSMS)**, a sophisticated web platform using HTML, CSS, **Bootstrap**, JavaScript (frontend), **Django (backend)**, **MySQL Client** (database), and seamless API integration.
- Engineered SSMS to monitor academic and overall student progress, with robust tracking, guidance tools, and detailed mentor-student interaction logs.
- Implemented real-time progress updates and skill assessment tools to maximize learning outcomes.
- Facilitated streamlined export of student data, including contact information, to Excel sheets with advanced filtering options, enhancing administrative efficiency.

### Pay My Bills (PMB)

Frontend Developer Feb 2023 - May 2023

- Engineered **Pay My Bills (PMB)** to optimize online shopping by integrating bank card offers across platforms, enhancing savings and user experience.
- Employed HTML, CSS, Bootstrap, JavaScript (frontend), **MySQL** (database), and **Flask** (Python backend) to develop a scalable platform enabling seamless transactions.

## EXPERIENCE

### Full Stack Developer

Aspire Technology Solutions Feb 2024 - Jun 2024

- Developed full-stack applications leveraging technologies such as React, Bootstrap, and more.
- Collaborated cross-functionally to implement new features and enhancements.
- Executed frontend and backend development tasks ensuring seamless integration and functionality.

## CERTIFICATION

### NPTEL Cloud Computing
